### Cool Desserts, Salads and So ups for Summer From Mrs. George O. Thurn's Collection

Dear Friends in Circleville: Cool, appetizing salads made inthe refrigerator should play an important part in your summer Plain gelatin, fruits, vegetables and canned seafood chicken, ham and left-over cooked vegetables all may be incorporated in making these dishes for example, a salad such as the one illustrated is made with shrimp.

### Shrimp Mayonnaise Mould

One package lemon flavored gelatin; one pint warm water; two tablespoons vinegar; one teaspoon salt; one and one half cups shrimps, halved; one quarter cup spoons pimiento, finely chopped; one half cup mayonnaise.

Dissolve gelatine in the two cups of warm water. Add vinegar Chill. When slightly and salt. thickened, fold in remaining ingredients. Blend. Turn into mould or individual moulds wet with ice water. ### Jellied Mold of Chicken

Three cups chicken meat; one pint chicken stock; one hardcooked egg; one tablespoon gelatine: seasoning.

Dissolve gelatine in one-third cup cold water. Add chicken stock which has been heated to boiling point. Pour small portion into mold and place in refrigerator until mixture begins to set. Add slices of egg and replace in refrigerator until firmly set. Then add remainder of stock. Place in refrigerator until mold is firm. When ready to serve, unmold on crisp lettuce. Garnish with stuffed olives and rosettes of mayonnaise Six to eight servings.

### Cottage Cheese Mold

One pound cottage cheese; one tablespoon chopped parsley; one and one half tablespoons cream; salt to taste; pimiento.

Mix thoroughly the above ingredients. Line a wet, rectangular receptacle, with thin wax paper. Pack in thin layers of the cheese, placing two or three parallel strips of fresh or canned pimiento between layers. Place in refrigerator until ready to serve. Run knife around the sides and invert the mold. This can be sliced and placed on lettuce leaves. Serve with French dressing and wafers or with thin bread and butter sandwiches. Minced olives, chives or watercress may be used in place of parsley. Chopped nuts may also be combined, or used to

## BANISH COMMON CONSTIPATION WITH DELICIOUS CEREAL

Kellogg's ALL-BRAN Brings Relief

Look out for headaches, loss of appetite and energy, sallow complexions, sleeplessness. Frequently, these are warning signs of common constipation. If neglected, your health may be impaired.

Today, you can rid yourself of common constipation by eating a tempting cereal. Laboratory tests show that Kellogg's ALL-BRAN furnishes "bulk" and vitamin B to aid regular habits. ALL-BRAN is also rich in iron for the blood.

The "bulk" in ALL-BRAN is much like that found in leafy vegetables. Within the body, it forms a soft mass. Gently, this clears out the intestinal wastes. How much better this is than taking patent medicines!

Two tablespoonfuls of ALL-BRAN daily will usually overcome most types of common constipation. Chronic cases, with each meal. If seriously ill, see your doctor. ALL-Bran makes no claim to be a "cure-

### Bets on President's Life

HERE is a legend about Lloyds, of London, that it will insure anything from the weather to war. Its policies are in the nature of gambling contracts based on the laws of liklihood and underwritten by its members.

Most popular of recent "policies" is that upon the life and health of President Roosevelt. It is reported that thousands of Britishers have been betting with Lldyds that the president of the United States would live or not outlive a fixed period and placing wagers on one side or the other in the great battle between the president's physical strength and the treme flous burdens of his office.

Washington, hearing of this practice, considers it in bad taste and suggested as much to London. Once the impropriety of the thing was brought to its attention the insurance company announced it would accept no more such bets.

The incident reveals the British attitude that the American recovery program stands or falls with Reosevelt. On the other side of the big pond they consider the present American government as much a one-man affair as those of Mussolini and Hitler. 

Don't worry. All it takes lo make the younger generation settle down is a younger one.

## Removal Of Warts and Moles

Authority Warns That Expert Treatment Is the Safe Procedure

By ROYAL'S. COPELAND, M. D. United States senator from New York Former Commissioner of Health, New York City

A CORRESPONDENT asks, "Is there any truth in the statement that warts are a sign of cancer, and even though the warts are completely removed, the victim will eventu-

ally succumb to cancer?" 1 i.asten to corect this unfounded and unscientific statement. Warts are described by the doctors as simple, benign tumors of the skin. The word "benign" is used to describe a tumor

or growth that is harmless. A "malignant tumor" is one of a cancerous nature. It is true that certain benign tumors, if neglected and constantly irritated,

may become cancerous. This is rarely, if ever, the case with warts. It is probable that a great deal of confusion exists regarding the difference between the wart and a skin "mole". The latter is a pigmented or discolored spot. It may be present at birth, when it is commonly spoken of as a "birth mark". Many moles appear after birth, varying in size,

shape, color and consistency. It is dangerous to tamper with certain types of moles. I say this because many a person, anxious to rid himself of this distigurement, repeatedly resorts to crude and harmful measures of removal. This is dangerous, because continued irritation of certain types of mole leads to cancer formation.

### Tampering is Dangerous

For the reasons given, it is never advisable to attempt the removal of a mole except it is done by a competent physician. Moles are best removed by electrolysis, freezing, or a simple surgical operation. The treatment depends entirely upon the type and size of the mole.

Like the mole, a wart is often disfiguring and its owner is anxious to remove the unsightly tumor. The most common method of treatment is by the application of a strong acid. This should only be used after necessary measures have been taken to protect the surrounding skin. Carelessness may result in a severe and

Warts are also successfully removed by the application of the high frequency current of electricity. This is a painless procedure. Of course, it can only be applied by a physician rained in this work

Please bear in mind, that the methods of relief I have referred to are for adults. Children afflicted with wasts should not be subjected to any the because warts in children usually disappear without treatment. Adults should take medical advice before attempting to remove these growths.

### Bloodhounds Gentle Despite his fearsome name that

earned him unjust notoriety, the bloodhound is the most gentle of gentle hounds. So gentle, kind and sentlmental, in fact, that managers of the numerous "Uncle Tom's Cabin" shows found it necessary to select great Danes'instead of bloodhounds. Larger and more spectacular, they easily entered the spirit of an act that bloodhounds would walk through without thrill. Their name, derived from their original use to track animals which were wounded and bleeding, is misleading, for they do not attack upon reaching the objective of their

### A Futile Move

ESPITE the American embargo on the shipment of arms to Bolivia and Paraguay, fighting between these two countries continues to rage. There are no signs that the United States' action will end or shorten the war.

It was recognized at the time Washington took the step that an embargo by the United States alone would not have the desired effect, but hope was expressed that other nations would follow the American example with the resuit that the two warring nations would be completely cut off from their sources of supply and would be forced to end the conflict for ack of munitions. The League of Nations sought to persuade all other munitions - manufacturing nations to follow the United States example, and for a while it appeared as if the move might be successful.

But little possibility of this remains. Japan, largely because of its hostility to the league and all things sponsored by the latter, will not entertain the proposal, it said in Tokyo.

Failure of even one nation to join the embargo would defeat the move. It appears now that the United States will be the only country to refuse to sell arms to the belligerents.

There may be a lesson in this situation for ardent peace advocates who favor the United States taking the lead in disarmament. There are pacifists who would have this country disarm as a world example, in the belief that other nations would do likewise.

The rickculousness of such a course is too evident, of course, to deserve serious comment. If any argument were needed, though, to establish this it could be found in the situation that has developed in connection with this country's effort 'to end the war between Bolivia and Paraguay.

### Bets on President's Life

THERE is a legend about Lloyds, of London, that it will insure anything from the weather to war. Its policies are in the nature of gambling contracts based on the laws of liklihood and underwritten by its members.

Most popular of recent "policies" is that upon the life and health of President Roosevelt. It is reported that thousands of Britishers have been betting with Lloyds that the president of the United States would live or not outlive a fixed period and placing wagers on one side or the other in the great battle between the president's physical strength and the tremendous burdens of his office.

Washington, hearing of this practice, considers it in bad taste and suggested as much to London. Once the impropriety of the thing was brought to its attention the insurance company announced it would accept no more such bets.

The incident reveals the British the big pond they consider the present American government as much a one-man affair as those of Mussolini and Hitler.

Mr. and Mrs. Charles Reibel of Columbus, called on Mrs. Sophia Briggs Tuesday afternoon. They were enroute home from attending the burial of Mrs. Reibel's halfbrother, Fred Kibler, at Reber Hill cemetery. Mr. Kibler's death at his home near Orient, followed that of his wife two weeks ago. The Kibler family resided in Ashville some years ago where he served as Marshal and was also employed in a meat market.

VISITS ASHVILL

Luther Bower of Circleville, Democratic candidate for County Recorder at the August primaries, was in Ashville, Wednesday evening. Mr. Bower is a brother-in-law of our Lester Reid, formerly of Duvall and now of Chillicothe, where he is prosecuting attorney of Ross-co.

### Girl Scout News

Logan Elm Girl Scout troop No. 1 met for its regular meeting at the Pickaway-twp school building Wednesday afternoon. The meeting opened with a flag ceremony followed by group discussion and also patrol corners.

In our court of honor composed of leaders and patrol leaders we decided to meet Wednesday, July 11, at the home of Eleanor Dreisbach at 3 o'clock.

After playing games and singing songs the meeting closed with the radio handshake and taps. Scribe, Virginia Dreisbach.

### Bloodhounds Gentle

Despite his fearsome name that earned him unjust notoriety, the bloodhound is the most gentle of gentle hounds. So gentle, kind and sentimental, in fact, that managers of the numerous "Uncle Tom's Cabin" shows found it necessary to select great Danes instead of bloodhounds. Larger and more spectacular, they easily entered the spirit of an act that bloodhounds would walk through without thrill. Their name, derived from their original use to track animals which were wounded and bleeding, is misleading, for they do not attack upon reaching the objective of their

In the above photo you see the management of Scioto Trail Gardens, reading from left to right, Sammy Schill, Willard Douga, and Ted Baughman. They're always on hand to greet you with a smile, see that you receive every courtexy and are well taken care of

Here we have Mr. B. O. Wortman and Bill Oger who are being starred at the Scioto Trail Gardens, 3296 S. High St., Columbus, Ohio. These two boys are playing with the Gilbert Novelty orchestra and have played over the air for the past seven years over stations WTAM, WBNS, WSEN and many others too numerous to mention. To spend an enjoyable evening, dancing nightly under the Stars to the Gilbert Novelty orchestra, see a floor show and other entertaining features, come up to the Scioto Trail.

The Scioto Trail Gardens is fast becoming the most populal night spot in or around Columbus, according to reports of the management. Large crowds have been on hands every night since the opening three weeks ago and with the celebrated grand opening scheduled for this week-end a capacity attendance is anticipated.

The Garden is located south of Columbus a couple of miles and is a convenient drive from Circleville. The managers extend a hearty invitation to everyone in this city and surrounding community to attend their grand opening or visit them in the near future.

## **ANGLEY'S HOMER** HELP TO BIRDS

COLUMBUS, June 29.-Fresh from a 7-6 victory last night over their big brothers, the St. Louis Candinals, the Columbus Red Birds today tackled the Minneapolis Millers in the final game of their current series.

Lefty Heise was slated to take the mound for the locals, and Jess Petty, the veteran southpaw, for the Millers.

Tom Angley's home run in the seventh provided the Birds their A.), 4. winning run in last night's exhibition contest. At ceremonies before the game Cardinal players who got their start with the Birds for something to turn up, nothing does but the world's nose. were honored.

who is the up with the faction, is so opposed to the Administration that he made a special trip to Washington to attend the Wirt hearings.

When the 'King Makers' launchof their Commandership drive this year, their candidate was Ray Murphy, former Iowa State Commander.

Murphy is well-known and widely popular among Legionaires. Also, he is a Denocrat, although of distinct conservative views. His campaign was making strong headway, until it leaked out that he was the choice of the "King Makers."

On his head descended immediate blight.

The "discovery" gave considerable impetus to the condidacy of Frank N. Belgrano, Jr., of San Francisco, one-time buck private and former California State Commander. He is the choice of the reform movement.

The "King Makers" were not named so, however, for nothing. They countered with whispers that they were not for Murphy, but favored Belgrano. So now it is anybody's race.

hospital here. Zaro's last days were spent not in the fear of death but in the fear that people would not believe he had achieved the record of longevity which he claimed.

Zaro Agha visited the United States in 1930. Many American doctors examin-

ed him and while all admitted that he was very old, few were convinced that his age exceeded a century and one-half, as was said to be attested by the birth records of his native Kurdish village, Motkin, He once said his only illness was a violent stomach ache in Italy

caused by eating spaghetti. Zaro claimed to have soldiered against Napoleon in Syria in 1797. He said he had divorced his eleventh wife at the age of 154 and remarried. Although living in a polygamous country he claimed that he had always followed the American fashion of having only one wife at a time.

SEASON'S BIGGEST VALUE

# Turk, Claiming 161 Years, Dies

ISTANBUL, June 29. - Zaro Agha, the aged Turk who claimed that he was born two years before. the American revolution started (1775) died today in the children's hospital here.

Zaro's last days were spent not in the fear of death but in the fear that people would not believe he had achieved the record of longevity which he claimed.

Zaro Agha visited the United States in 1930.

Many American doctors examined him and while all admitted that he was very old, few were convinced that his age exceeded a century and one-half, as was said to be attested by the birth records of his native Kurdish village, Motkin. He once said his only illness was

caused by eating spaghetti. Zaro claimed to have soldiered against Napoleon in Syria in 1797. He said he had divorced his eleventh wife at the age of 154 and remarried. Although living in a polygamous country he claimed that he had always followed the American fashion of having only one wife at a time.
